

Of the many grand ways to start a desert day, one of the grandest is an early morning breakfast of waffles, bacon and coffee at the Hillery home in Cathedral City. Bill Hillery, Dr. Harvey and I were off on another of our many delightful trips. There was no need for a second breakfast invitation. I promptly agreed to be there at six-thirty. Mrs. Hillery is an excellent waffle maker and at six-thirty in the morning seemed actually pleased to have three hungry men about. There is still one woman in America of that kindly disposition.

Martinez Canyon is a former trail highway from the desert to the Santa Rosa Mountain district. In the days before white men and good roads an old Indian trail traversed this canyon. The old trail has fallen into general disuse but I understand it is possible to still find a passable way. It was to Martinez Canyon we were bound on a botanical search for a strange tree we had heard of.

Just north of Indio we turned

Jones, perennial secretary of the Southern California Tennis Association, after a conference with Earl Coffman, announced that the following stars would appear: Lester Stoenen, Gene Mako, Allan Harrington and Jack Tidball; also Miss Dorothy Bundy, Miss Barbara Winslow, Jack Kramer and Ted Olivine. ## Aerial Breakfast Rides at Palm Springs Airport

Once again Palm Springs achieves something utterly unique in way of entertaining desert dwellers, or dwellers of any place for that matter, and this time the credit goes to the boys who ride the airways. Gus Parrish, manager of the Palm Springs airport and who has been operating five years without an accident is the instigator of this thrilling new breakfast ride and will take his first group up next

## Aimee McPherson Is Resting Here

Aimee Semple McPherson, famous pastor of the Church of the Four Square Gospel, arrived in Palm Springs Wednesday afternoon and registered at the Royal Palms Hotel. She was accompanied by Dr. Giles N. Knight, vice-president and general manager of Angelus Temple, and Mrs. Knight. Mrs. McPherson came here to recover from a nervous breakdown. Upon her arrival here she suffered a relapse, and a local physician was called. So far she has been unable to see reporters, but Dr. Knight consented to talk to The Desert Sun reporter. He stated that Mrs. McPherson is ill.

Dr. Knight said that Dr. Gerald B. Winrod, who was chosen as Angelus Temple pastor, and who has been under fire recently for alleged Nazi activities, did not take over the pulpit, but flew back to Wichita, Kansas, when his father suffered a stroke of paralysis. He said the Nazi accusations were simply political propaganda.

Dr. Knight stated that Mrs. McPherson has been under a tremendous strain for the past 10 years, being 20 years before the public. Angelus

## The "Fighting Thrush" Shows Interest In Blues Singer

Jack Doyle and Latest "Interest" Sunning in Palm Springs Garden

The deep throaty tones of alluring Ethel Doris, latest addition to the turbulent love life of Jack Doyle, singing pugilist, seems to have soothed his cares away and apparently Jack isn't concerned over the announcement of Elinor Troy, Coney Island bubble dancer, that "she" is to be the next Mrs. Doyle.

Touching lightly on his tangled love affairs, Mr. Doyle said he has been "a victim of circumstances and of public ity seekers," and it has all been very "humiliating and unfortunate." Asked about his apparent interest in blues singer Ethel, Jack sweetly smiled and patting the girl's arm which was around his neck, made no comment about whether a "duet" is in progress, but their "harmony" was apparent.

Mr. Doyle said he came to California to dispose of his San Fernando Valley property, which adjoins the ranch of Barbara Stanwyck, but upon his arrival found that oil has been struck on the land near his and that the Petrol Oil Company, under the direction of Mr. Pawley, geologist, is drilling on his ranch. Mr. Doyle will remain in California to await results of the drilling.

Temple is now the biggest church and has the biggest congregation on the North American continent, he said.

Eight hundred students are enrolled in the Bible college. The church has 400 branch churches and 188 foreign mission stations, all operating under the name of the Church of the Four Square Gospel. The commissary department has fed and clothed more than a million people during the past 10 years, he said, all of it coming from voluntary contributions. A fleet of trucks is kept busy gathering up the donations.

## Use P. O. Box Numbers Only Says Gorham

Palm Springs Postmaster R. M. Gorham this week urged patrons of the local postoffice to please discontinue using the names of homes and street numbers as postal addresses.

Since the numbering of buildings here by the Southern California Gas Company, large numbers of persons have been using these street numbers in addressing letters, cards, packages, etc. Street numbers and the names of homes are absolutely useless to the postal employees as addresses.

Only postoffice box numbers can help the postoffice to get your letter to the correct person in Palm Springs. There is no carrier service in Palm Springs, so the use of street numbers only causes delay in the delivery of your letter to some localities—unless, however, you are sending a special delivery letter.

Place on your letters to Palm Springs persons only the following: Name, box number, Palm Springs, Calif., or general delivery if that is the person's mail address.

## P. S. B. M. A. Starts Membership Drive

With the expectation of enrolling nearly every business establishment in Palm Springs, the Palm Springs Business Men's Association is starting an intensive membership campaign.

Bulletins will be mailed to every business house, setting forth the need of such an organization for the protection of the business interests, and asking the business people to mail in their applications and checks immediately, thus relieving the work of the membership committee, who are all busy men and who can ill afford to take time away from their businesses.

Those who do not respond to the written request, will be solicited in person by the committee.

At the meeting of the board of directors of the Association in the Plaza Theatre yesterday, a budget of \$4400

## Governor-Elect Olson Spends 5 Days Here

Governor-elect Culbert L. Olson, spent five days here this week as a guest at the home of Joseph Schenck, motion picture director.

The Governor, accompanied by Mr. Schenck and a friend, Al Cohn, was seen daily on the Desert Golf Course.

The editor of The Desert Sun called at the Schenck home to pay his respects to the Governor and to make an appointment for a brief interview, but the butler brusquely informed the editor, "You can't see the Governor," and closed the door.

So, that's that—and no interview.

## Senator Thomas Holds Hearing In Palm Springs

That the Palm Springs Indians want the administration of their affairs returned to a tribal committee and that they wish to choose their own leader, was the gist of the testimony of a number of Indians at the hearing conducted at the local Indian reservation on Wednesday by Senator Elmer Thomas of Oklahoma, chairman of the Senate Committee on Indian Affairs.

Through a petition, the Indians have asked that John McCallum, Forline, nephew of Mrs. Austin G. McManus, be appointed Federal Officer in charge of the reservation, in place of H. H. Quackenbush.

Senator Thomas and his secretarial staff came especially to Palm Springs to conduct the hearing, held by the sub-committee of the Senate Committee.

## Mayor Boyd Protests Cut-Off

Mayor Philip L. Boyd, John Clark, George B. Roberson, were representatives at the Highway 60 meeting Friday noon, at the Hotel del Paso in Banning. Mayor Boyd sought information concerning the proposed Palm Springs cut-off. He said: "We in Palm Springs are not in favor of the cut-off as we understand it at this time. If the new road is built in the proposed route it would separate the village of Palm Springs."

Mayor Boyd is in favor of improvement of the older routes. The cut-off as explained by E. Q. Sullivan, district engineer, would not divert the heavy truck traffic on Highway 60 through Palm Springs, but would relieve the present congestion of traffic through Palm Springs to Cathedral City.

## Analysis of Palm Springs Tax Rate

There has been some misunderstanding regarding the tax rate on the part of citizens who have recently received their tax bills from the county tax collector. The tax rate this year is \$4.90. Last year it was \$4.55.

Because the tax rate is higher than last year, many people have thought the increase is due to incorporation of the city. This is not the case, for there is no city tax so far, and even if Palm Springs had not incorporated, the rate would be the same.

All of the taxes included on the tax bill are county taxes, distributed as shown in the table below, with a comparison of last year's rate:

## "Dead" Man Comes To Life; Tells of Harrowing Experiences; Resident of Palm Springs

(As Told by Jack Aldrich to Carl Barkow)

The report published in The Desert Sun last week that Jack Aldrich, Palm Springs painter, had met a tragic death in the Colorado river last August, seems to have been greatly exaggerated, for Mr. Aldrich walked into The Sun office on Monday, very much alive.

However, the Palm Springs man did have a harrowing experience, and that he came through alive is nothing short of a miracle. His boat wrecked in the river when it struck a protruding rock in the rapids between Grand Canyon and Lee's Ferry, he succeeded in swimming ashore, on a very hot day, August 23, and for three days he walked through the cactus-covered desert sands without food, and without water for 24 hours, before he reached a road. He was picked up by a desert driver and taken to a large hotel on the desert not far from Flagstaff, Arizona, where he received treatment, and then went to Flagstaff. Three days later he returned to Palm Springs, and then went to a Riverside hospital, where he was under a physician's care. He has been working.

## Racing Meet Starts Next Thursday

With C. B. Coit, general manager in charge of racing, already in town, the horse racing season at Palm Springs will get off to a flying start Thanksgiving day when the grand opening event will be staged at the Field Club. Post time is scheduled for 1:00 p. m.

Everything is hustle and bustle in local horse-racing circles as the time for the opening event draws near. With over one hundred horses here already and more making reservations every day, local stables are crowded to capacity.

The grand parade Thanksgiving day will form at El Mirador and will start moving down Palm Canyon Drive toward the Field Club at 12:15 p. m. One of the highlights of the day will be a steeple race, scheduled for the eighth on the "turkey day" card.

William Thomas, attachee of the local racing association, stated this week that localites Earl Coffman and H. E. "Pat" Patterson will probably have "coat burners" entered in the grand opening day races.

**High Class Racing**  
The races to be held each Saturday and Sunday at the Field Club during the Palm Springs racing season, will definitely be high class. The finest horses in the under \$1,000 class will be raced here which will bring many fine animals to the village. The local track can in no way be confused with the "bush" type of track.

Famous starter Clay Puett will be here for the opening day and will do all the starting on that day. Puett is the inventor of the well known type of starting gate used at Santa Anita.

## Dunes Loses Liquor License

The Dunes, swanky recreation spot near Cathedral City, has lost its license to sell liquor, according to word from Sacramento.

Three Southern California night spots lost their liquor licenses for an indefinite period through action of the state board of equalization.

The board announced suspension of the Clover club, 8475 Sunset boulevard, Los Angeles; the Deauville club, 1525 Ocean Front, Santa Monica, and the Dunes club. Failure to heed warnings for the removal of alleged gambling devices was given by the board as the grounds for the disciplinary action.

"It is time proprietors of such places understand the board means business," William Bonelli, Los Angeles.

## El Paseo Theatre Opens for Season Tuesday, Nov. 22

Proof that the season in Palm Springs is in full swing is the fact that on Tuesday, Nov. 22, all three of Palm Springs' theatres will be running full-blast and each with an array of entertainment unexcelled.

The spirit of "The Good Old Days" will prevail in El Paseo what with the showing of "Gay Nineties"—the theatre and front will be transformed to the days of the Nickelodeon—and you'll see all the old favorite stars—hiss the villain and cheer the hero in the melo-drammas—sing to your heart's content the songs of yesteryear and get a tremendous kick out of the Gans-Nelson fight, Lillian Gish and Blanche Sweet in a silent feature entitled "The Massacre"—you'll howl, you'll cheer, you may even shed a tear—twirl bring back memories, or, if you're of the younger generation you'll be astounded and thrilled at the progress of the world since the "Gay Nineties."

You'll see Charlie Chaplin, Rudolph Valentino, Fatty Arbuckle, Douglas Fairbanks—and dozens of other old favorites of the flickers. You'll see Jimmy Britt (he has a brother in Palm Springs), Tex Rickard, and old-time Easter Parade—a newsreel of yore with such celebrities as King Edward, grandfather of the present Duke of Windsor, Teddy Roosevelt, he of the big stick, William McKinley, and so on. Say we, in the parlance of the old days, Come One—Come All. There'll be fun aplenty—beverages and pretzel and sawdust on the floor. There'll be a hot time in the old town each night.

## The Social Whirl

Back in our midst again after an extended visit in the northern part of the state, Mrs. Ona Brown, always one of the most delightful hostesses in Palm Springs, waded into the social swim and had her first week-end house party of the season. Dinner and dancing at the new Key Club on Friday night and a sumptuous repast at her home on Palo Verde, with an evening of nite-clubbing afterwards, were part of the program arranged by Mrs. Brown to entertain her guests, who were Miss Madge Bellamy, Miss Gwendolyn Fay, Miss Helen Wolfe, of Chicago, and Kenneth Mac Mitchell.

Mrs. Anthony Hoagland and baby Julia, are here from Pasadena, spending a week or so at the home of Dr. and Mrs. Henry Hoagland, in order to rest and drive out the bothersome cold germs with the aid of our warm desert sunshine.

Mr. and Mrs. Jas. A. Clune entertained Mr. and Mrs. Robert Ransom at dinner on Saturday evening. The Clunes are dashing madly about these days, what with the building of a new home up at Arrowhead, managing their town house, and paying periodic visits to their Chino Drive Hacienda here. But the charming Dorothy seems as beautifully fresh and vivacious as ever and her enthusiasm and energetic planning is indeed refreshing in this day of tired and jaded nerves.

The hospitable Williams Gargans entertained a number of friends over the week-end, among them being the Frank Morgans and Jack Hales. The Hales had to return to Hollywood, but will be the guests of the Gargans next week-end, and Frank Morgan and Host Bill took to the hills to pick off the flighty quail. Mary reports that so far but ten birds have been sent down to her by the wandering sportsmen, but she is hoping the mighty hunters will have better success soon.

Mr. and Mrs. Wilder John and Franz Planer, all from Los Angeles, are enjoying a stay at the El Mirador.

Miss Barbara Gabriel, who has recently returned to assist her uncle, Hobart Garlick, in the management of his exclusive Hotel the Oasis, hosted at a delightful cocktail party on Tuesday evening. Her guests included Mr. and Mrs. Walter Phelps, Mr. and Mrs. L. Baker, and Mr. and Mrs. W. A. Pries, all of Seattle. Others were Mr. and Mrs. R. H. Hobensack, Los Angeles, and Mr. and Mrs. Yote, of New York.

The Alvin Weingartens entertained at a "de-lovely" bridge party, in honor of their house guest, Mrs. Paul Ulmer, sister of Mrs. Weingarten. Among those enjoying the fun and game were Mr. and Mrs. Carl Barkow, Mr. and Mrs. Homer Jenkins, Mr. and Mrs. Turonnet, Dr. Russell Gray, and Mr. and Mrs. Harold Barkow. Mrs. Jenkins and Carl Barkow had top scores and young Mrs. Barkow and Mr. Jenkins "bobbled."

Happily ensconced for the season at The Oasis, are Mrs. C. P. Watson and her young son, Cresap, from Los Angeles.

Mrs. T. M. C. Belyear, of Chino Drive, had a small informal bridge the other evening and the guests included Mr. and Mrs. Hunsker and Miss Kathleen Rye. A deliciously dainty luncheon was served before a glowing fire adding to the coziness of an "at home" evening.

Billy Hawthorn, distinguished socialite and financier, who hails from Hyde Park, London, England, is spending some time at the Colonial House, and enjoying our Palm Springs to the fullest extent. He particularly enjoys strutting about the town in "American" desert togery and says he is finding our clear desert skies "quite different from jolly old London, I say." Mr. Hawthorn was at one time champion ballroom dancer of the smart European world and has an astonishing array of cups won in contests. His interpretation of the "Lambeth Walk," performed at the Key Club, the other night, which caused the other hesitating dancers to sigh with envy, proves that the visiting Britisher is still a smoothie. Mr. Hawthorn is sailing shortly for his native country, but expects to be back with us again after the holidays, to remain the season.

Mrs. Katherine deR Seaman of Las Palmas Estates Tract had as visitors over the week-end her daughter and daughter-in-law, Mr. and Mrs. John deR Weed of Los Angeles. A dinner party for the family and Miss Marie Sheppard, of Knoxville, Tennessee, who was also week-ending in Palm Springs, was arranged for Saturday

## Peek-a-Boo . .

The "miniature film in natural color," being featured in Frank Partidge's Photo Shop, is fast becoming the hobby of the camera minded.

Particularly suitable for desert wear, is the Camel-hair sport coat, all hand stitched with the new bellows pockets, snugly warm and softly comfortable for milady to slip into, being shown at Bullocks, on the Desert Inn grounds.

The cute new rubberized silk cosmetic purses, may be had in stripes or plain colors at the Vienna Sport Shop.

Christmas cards, done in oil on canvas by the well known artist and portrait painter, Emile A. Roure, may be seen by paying a visit to his galleries in the Plaza. See you there?

Christmas wrappings in the very newest designs, including imports from Sweden, with harmonizing ties, may be had at the Desert Book Shoppe, in the Palm Springs Theatre building.

Peeking in the windows at the Worden Jewelry Shop, I saw an adorable convenient little ring watch, in white gold, that would delight any girl from sixteen to sixty.

Passing the Palm Springs Sporting Goods store, I was attracted by the display of a complete line of tennis racquets, that made me sigh for time to warm up a bit on a nearby court.

Hurrying on my way down the avenue I again was caught in the act of window shopping, for a deliciously frosted cake, was right smack in the window of Chapman's ice cream parlor.

Reminded of my hunger I raced on to Claridge's, where Frank "the beach-comber's" engaging smile stopped me in my tracks, and then, tw's hard to decide which of his specialties to choose for my pre-dinner drink, Zombie, Sumatra, or Paradise Cocktail—so, I settled on my old stand-by, a Manhattan!

Leaving Vic's with a happy satisfied feeling, as usual, I walked on and on until I came to the Village Toggery shop, where a striped slack suit windowed, slayed me and my satisfaction was gone with the wind, (but next morning I fixed that, by purchasing the sweet thing.)

And finally, getting as far as the "Indian Oya Shop, I gave up, for the many entranchin' things there to see, especially the amazing Holland Dutch bulbs, planted in white birch logs, that are promised to bloom within three weeks after having been watered, made me linger an' linger 'till it was too late to peek-a-boo for you 'til next week.

evenin', after which a bit of nite-clubbing was enjoyed. The deR Weed youngsters will remain with Mrs. deR Seaman for an extended stay.

Ran into Nita Marian and her house guest, Miss Dianne Richards, of Brentwood Heights, in the cocktail lounge of the Desert Inn, where they were the guests of Don Thompson, tennis pro at the Inn. Don needed a bit of cheering up after having lost his doubles match in the afternoon, and the attractive Dianne seemed to produce the desired effect.

Mrs. Thomas H. Lipps hosted at a delightful informal cocktail party, at the Saddle Bar X, for a number of prominent California hotel women recently. The guests included Mrs. Isabel Hopkins and Mrs. Grace Milone, of the Casa de Manana in La Jolla; Mrs. Sally Hull Lewis and her mother, of the Hollywood Roosevelt; Mrs. Mae Griffith of the Los Angeles Mayfair; Mrs. June Linnard of Vista del Arroyo, Pasadena, Miss Norma Fischer of the Figueroa Hotel in Los Angeles, Mrs. Maud Dow of the Dow Hotel at Lone Pine, Mrs. Ruby Cunningham of the Tioga Lodge, Mrs. Grace Charlton of the Canterbury in Los Angeles, Mrs. Louise Ludwig of the Hermoine of Los Angeles, Mrs. Agnes Jones of the William Penn in Whittier, Miss Ruth Davis of the Los Angeles Tremont, Mrs. Dovie Colley of the El Mirador, Palm Springs, and Mrs. Janet Manwaring, Hotel del Tahquitz, Palm Springs.

Mrs. Mary Easton Newell, prominent socialite of Vancouver, B. C., is a guest at Smoke Tree Ranch. Mrs. Newell enjoys an early morning ride over the desert sands, and spends much of her time on horseback.

Honeymooning at the Casita Alegre are Mr. and Mrs. Milton McCoy (nee Bettye McRoy of Flintridge). The nuptials took place at the picturesque old Mission Inn at Riverside, and a motor trip followed. The young couple will reside in Pasadena.

Mr. and Mrs. Fred Clement of Del Mar, at Santa Monica, and Edith Allen, at Los Angeles, were

Amos 'n' Andy and Miss Blue, at the El Mirador swimming meet, interested in the truly lovely water waltzing of the Hopkins sisters, and creating interest among their many fans present.

The thrilling sight of Orville Roger bringing his ship down to a perfect landing during the most terrific sand storm of the season thus far.

The sudden hush of voices at the Key Club, as Ruby lifts his violins and creates an illusion of sheer magic. One forgets momentarily that one is not at Carnegie Hall, for this master of the sweetest instrument of all, manages to stir the rustling leaves, tinkle the bubbling stream and pull the heartstrings of his listeners.

guests of the Casita Alegre, and will be among our desert dwellers for the next two months.

Lee and Chuck Morrison are spending a few days in Los Angeles, but will return to their attractive hacienda in the Merita Vista Tract at the end of the week. Mr. and Mrs. Morrison entertained a party of friends at dinner at the Key Club on the opening night, last Saturday.

A very distinguished guest at Smoke Tree, is lovely Mary Thomas Miller, writer and noted horsewoman. Mrs. Miller is owner of "Eastern Storm," prize winner at the Tuolumne county horse show (open fine harness class entry) and admits her passion to be horses, but she derives fame for her book reviews, writing "Books on the Table" for the Argonaut, and her contribution called "Pacific Patter," running regularly in the American Horseman magazine. Mrs. Miller will remain on the desert for the entire season, since the climate of Palm Springs is particularly pleasing to her, returning to her beloved San Francisco in the spring.

Mrs. Claire Marie Leahy, of New York and Los Angeles, has leased the Sheptenko's adobe house, in Indian Trail Tract, for a period of several months, and has as house guest, Mrs. Barbara Gordon of Los Angeles.

## Dunes Loses . . . .

(Continued From Page One)

les member said, "Some time ago they were warned that slot machines must be removed from their premises. An investigation was made last Saturday and it was evident this warning had been ignored."

The Dunes had a beer and wine license. It was inactive and was canceled with those of the Clover Club and Deenville Club. Application for renewal of license for the Dunes had been made, and the State Board of Equalization fixed a day for hearing. Applicant became ill and so the inactive license was canceled in the regular order of business.

Cancellation of the Dunes inactive liquor license was probably not due to presence of gambling devices. Sheriff Rayburn is said to have in possession a lot of gambling devices, taken from the Dunes nearly a year ago.

Ted Wallace, state board of equalization liquor enforcement officer for Riverside county, said:

"After a sheriff's raid of last December 31, the Dunes turned in its license and went inactive. Mr. Bonelli's action now indefinitely suspends this on-sale privilege. As far as we know, aside from a private party of last Saturday, the Dunes has not been open since the raid," Wallace declared.

Sheriff Carl F. Rayburn, questioned at his office, denied that gambling machines have been operating on a commercial basis at the Palm Springs club.

Statement from the sheriff's office says:

"I checked up on this party at the Dunes on Monday and determined that it was a private party. The slot machines were brought into the building just for the party and were later taken away," Rayburn declared.

Rayburn remarked that he and Wallace had discussed the situation of the Dunes making application for a license for sale of distilled spirits, a privilege it has not held, and he then declared his intention to oppose any such application.

The sheriff said that his policy of keeping the county cleared of gaming devices, climaxed by last year's pre-New Year's raid of the Dunes by deputy sheriffs in company with representatives of the attorney general and the district attorney, has not been altered.

Bonelli's action followed on the heels of a recent statement by Atty.-Gen. U. S. Webb in which he charged that "saloons all over the state are violating the law," referring to state anti-gambling statutes.

"Whether this suits the state board of equalization or not, I don't know," Webb asserted. "There are hundreds of them that should be closed."

## INFLATED TURKEYS

Meo Pasquetti, a poultry dealer in Rome got the idea of blowing up his turkeys with a pump so as to sell them more easily. Everything went well until a turkey exploded and a piece of bone injured his assistant's eyes.

## THE SKYLIGHT

By TOM HUGHES

To the Ham-and-Eggers:

You mustn't take your defeat too heavily. You lost the amendment, but you gained something which, we are very sure, will prove a greater blessing. Governor-elect Olson goes into office bound by his promise and his lifelong sympathies to a humanitarian program that will be simpler and safer and surer than the one you wanted. The very intensity of your struggle must bring a response.

If any word has magic in it, these days, that word is Cooperation. Olson is not alone in putting his trust in it. Other students of affairs and lovers of mankind are turning in its direction; and Culbert Olson has enough of the Norse in him to carry him far toward his goal, and the Commonwealth of California along with him.

We who opposed the pension plan, while standing squarely behind Olson, greet you in this daybreak of our common victory.

## THANKSGIVING HINTS ON TURKEY COOKING

Hints for housewives who are wondering how best to cook their Thanksgiving turkeys were offered today by Louise C. Struve, head of the division of Home Economics on the Davis campus of the University of California.

According to Miss Struve, many turkeys are ruined by housewives who lack knowledge of the best methods of cooking them. Even the poorer grades may be delicious if well-cooked, she says, but it is wise to select the better grades which have been dressed scientifically, packed and frozen hard. Birds which are drawn immediately after killing seems to be superior in flavor to those not drawn.

Furthermore, water should not be allowed to touch the inside of the bird. Thus, all cleaning of the outside of the skin should be done before the bird is drawn.

Dressing adds much to the flavor of the bird. Miss Struve points out that a thin layer of dressing between the breast meat and the outside skin gives the white meat a more delicate flavor and surprising juiciness. If the bird is stuffed and prepared for cooking a day or more in advance more of the flavor of the dressing permeates the meat. Also, if the turkey is three-fourths roasted on the day before it is to be served and the final fourth of the cooking completed just before the Thanksgiving dinner, the texture and flavor of the meat is greatly improved and carving made much easier.

The easiest and most satisfactory method of cooking, says Miss Struve, is as follows: grease the turkey, place in an open pan breast up, and roast at 300 degrees, basting every half hour with melted fat.

## Aqueduct Bore To Be Holed Through Saturday

Advices from the main offices of the Colorado River aqueduct at Los Angeles today state that "holing through" on the San Jacinto tunnel is expected to be accomplished Saturday, November 19.

The "holing through" of this tunnel will remove the last barrier on the aqueduct system—and will open the aqueduct waterway all the way from the Colorado river to Cajalco reservoir. Since the start of excavation work

on the San Jacinto tunnel early in 1933, it has been generally recognized as the most difficult tunnel construction job in engineering history. It was the "bottle neck" on the entire 392-mile aqueduct system.

## COUNTY POSTAL CHIEFS ENTERTAINED AT HEMET

Riverside County Postmasters association met Sunday in Hemet for a dinner which was enjoyed by 30, with the postmasters being accompanied by their wives or husbands. Sidney C. Moon, Hemet postmaster and president of the county group, presided. Entertainment during the dinner was furnished by the Calgary Yodelers, and following a brief business session an early adjournment was taken to attend the Hemet turkey show.

## COUNTY PURCHASES \$132,000 IN BONDS

Riverside county purchased \$132,000 in local school district bond issues on Monday, while at the same time a \$178,750 issue for the Coachella Valley Union high school district was disposed of at advertised bids.

On the recommendation of County Treasurer J. F. Reimer, the board of supervisors authorized the purchase of the following issues, without premium:

Beaumont elementary, \$64,000, four per cent.  
Coachella elementary, \$43,000, four per cent.  
Mecca elementary, \$25,000, four and one-half per cent.

Advertised bids were opened for these three issues last week and were rejected at that time as unsatisfactory.

## SUPERVISORS FROWN UPON CONSTABLES' SCHOOL SUGGESTION

Riverside county constables plan for a school of instruction some time in January when newly elected township officers have been installed were indicted a blow Monday by the board of supervisors.

The board denied a request by John Kimball, president of the association and Riverside constable, that expense mileage money be provided the constables for transportation to and from the school sessions.

The school probably would require eight meetings, Kimball said. The supervisors' attitude was that the cost would be excessive.

right on a road that will eventually bring one out in Thermal. It is said to be a shorter route that avoids the traffic in Indio. Anyway, it was a perfectly satisfactory route to me as I had not been that way for nearly two years. It is exceptionally good locality to end up in La Quinta, Thermal, Indio or anywhere without just knowing how you got there. A year ago last spring, during the big wildflower year, some Eastern friends asked me to show them that section. We were having a delightful time. The flowers were beautiful. Something always happens at just such a time. We dropped into a wide wash and an unofficial dump ground for the neighboring communities. The Easterners were shaken with fits of hysterics. They had come to see the beautiful desert flowers and a trip through a dump ground had been included. I still think the driver of that car framed me.

At Thermal we turned on Highway 99 to Valerie Jean Corner where we called at the Hilton Place. There was no sign of life so I went back to the house and finally heard a sleepy response to my shouting. It was then that I learned there had been a heavy windstorm during the night and the family had been up most of the time securing portables the wind had been trying to remove. We wanted the Hiltons to go with us but the invitation was declined in favor of several hours more rest.

John Hilton is a versatile fellow; he paints desert scenes, writes of the desert, is musical, knows the semi-precious gems and is excellent company on a desert trip. We were sorry he could not go. When you are down that way you should visit his place. He has collected many unique desert rocks, minerals and plants. There is a small gallery of his paintings. Don't fail to examine the wall of semi-precious rocks. However, if the urge comes to dig into it with your knife please resist the temptation. One morning they came out and found one visitor busily engaged in trying to extract a chunk of gold ore.

We stopped a few minutes to chat with Mr. Nicoll who has the date shop at Valerie Jean Corner, named after his daughter Valerie Jean. We also talked a few minutes with the young man who operates the gas station. He had recently made a hunting trip up Martinez Canyon. One of the great pleasures of desert trips is talking with the local people. Reminds vividly of the former village days in Palm Springs.

To reach Martinez Canyon, turn west at Valerie Jean Corner, on the Fishtraps Road. About one mile west, turn south on the desert road which leads off toward the buttes at the mouth of the canyon. The road leads several miles into the canyon. Near the buttes, locally called the Sugar Loaves, we began to wish for the high clearance, short wheel base little old desert car instead of the modern affair that dragged on high centers and failed to get the rear fenders around the rocks on sharp curves.

### THREE ORANGE COUNTY HUNTERS FINED FOR LAW VIOLATION

Found guilty on the charge of possessing firearms inside the boundaries of the game refuge of the San Jacinto mountains, S. M. Dorman, H. G. Felt and A. H. Seeley, all residents of Orange county, waived time for sentence and immediately following announcement of the jury's verdict paid fines, amounting to \$75 each. They were exonerated on a second charge, that of night hunting inside the game refuge.

The hunters were arrested early in October by Ray Diamond, deputy game warden.

pion of the world, will team with a former doubles champion of the world, and local Palm Springs professional, Lester Stoefer, in a doubles exhibition against Allan Harrington, one of California's leading players, and Jack Tidball, a nationally known player of high ranking. This doubles match promises to be one of the finest in the history of Palm Springs tennis.

This match will take place at 10:30 in the morning, after which all will sojourn to the luncheon at the Desert Inn, to be followed by a women's singles exhibition at 1:30 p. m., between Dorothy Bundy, international ranking woman tennis star of the world, vs. Barbara Winslow, who can be easily termed as one of the coming great stars of the game today and who has gained an enviable reputation over the country for her splendid play.

This match is to be followed by an exhibition singles match between Jack Kramer, former boys' champion of the United States, and Ted Olewine, who is termed one of the leading juniors of the United States.

## Why Not Try Sand Skiing Near Palm Springs?

Close by the bridge which spans the "wash" or (usually) dry river west of Palm Springs there is a strategic spot for skiing, although snow is a rarity there.

Why not develop it as a winter playground and make another addition to winter sports?

Muskegon, Michigan, offers one sport that they don't even include in the Olympic Games—midsummer skiing without a flake of snow! In fact, the slide is scorching hot, not freezing cold—for this ski-run is a sand-dune. If you don't think sand's slippery, try to keep on your feet!

al, and his assistant, Ted Reed, will act in capacity of official referees.

The public of Palm Springs is most cordially invited to the Desert Inn to witness these matches.

In the United States, about 65 per cent of all boys and girls of school age attend high school.

Four "small" whales — the biggest is 22 feet including its seven-foot tusk — are on exhibit at Field museum in Chicago.

A gas-proof chamber for dogs and other small animals has been devised as result of British pet owners' concern for their animals in event of air raid.

### MARRIAGES DECREASE

Although the reason is unknown, marriages in California are dropping off.

During the first seven months of 1937, 35,814 couples went to the altar in the state. The number for the same period this year was only 34,349, a decrease of slightly more than four per cent.

Officials of the state bureau of vital statistics refused to hazard a guess on why fewer people chose to try out the theory that "two can live cheaper than one."

## Rush of Guests Fills Cathedral City Houses; Many Improvements Noted

The predicted rush of guests that followed the late election is quite evident and only a few rental dwellings are now available in Cathedral City. For the convenience of winter guests many improvements have been made by local merchants and caterers.

The Totem Pole Cafe has added a new private dining room and new kitchen to their already cozy place of business. The new front and improvement to Dorne's Court across the highway from the Totem Pole adds much to the appearance of the village as one enters from the west.

The new C. E. Cruncheon building with its two store rooms is a permanent improvement.

M. S. Fitch of Big Bear has opened a new store in this building, carrying groceries, vegetables, and quality meat. Mr. Fitch has with him Mrs. Fitch and their two children.

Another occupant of the Cruncheon building is C. E. Cruncheon, Jr., better known as "Buster," who is opening a much needed place of amusement where everyone of any age or

either sex can enjoy the lively bowling alley and the fully equipped fountain.

The new A. V. Linkletter building is a well constructed hollow tile structure and houses their beauty parlor, barbershop and general store, featuring wearing apparel and variety stock. Both Mr. and Mrs. Linkletter and their son are residing here.

The new addition to C. S. Cobb's Cathedral Service Station has a car cleaning space in addition to grease hoist and other equipment.

The Date Shop, operated by Mrs. Carl Higgins next to Cobb's Cathedral grocery, has been expanded this year to give fountain and counter service as well as periodicals and a very much needed line of drugs.

### Dance Is Success

The dance and card party given by a committee of the Chamber of Commerce in the Town Hall, Saturday night was a huge success—thanks to the usual efforts of the ladies—a good attendance assured a neat profit for the Town Hall but the good time enjoyed by everyone is the best assurance of other parties to follow.

### Interesting Party

One of the most interesting parties ever given in Cathedral City was held in the adobe home of Miss Christine Lillian on Saturday evening.

Miss Lillian spent many months this year in and around Mexico City and entertained a few friends with a large and select collection of Mexican hand craft articles that she had acquired from the places where they were made. In addition Miss Lillian had a fine selection of Mexican phonographic records that were not only very interesting but furnished atmosphere—this was true likewise of the refreshments served and costumes worn. Those present with the hostess were Mrs. J. F. Kenealy, Miss Alicia Kenealy, Mrs. Kenealy's grand daughter, Constance, Dr. and Mrs. M. E. Harvey, Miss Bea Nichol, Jim Carling, Miss Murial Fulton, W. R. and Mrs. Hilling and their son Robert Scholtes, Dr. and Mrs. Fred Marney, Mrs. Lila Dubin and daughter, Jerry, Mrs. Marion W. Kellar, Miss Evelyn Knutson, Bill Mason and Al Taylor.

### Cathedral Shorts

Jack Hillery accompanied by Miss Ruth Woods and her mother, Mrs. Esther Woods, went to Los Angeles Saturday evening to hear Gigli and supporting cast in Grand Opera—they returned to Cathedral City following the opera.

Mr. and Mrs. Geo. Strebe are the proud parents of a daughter born Monday in Cathedral where they are residing.

Mrs. Ethel York, owner of several cottages in the village, has made some interesting discoveries of old Indian camp sites in this vicinity. Mrs. York has placed her finds in the hands of Don Admiral for classification.

F. R. Wilson, owner of one of the first lots sold in the village, is spending a few days here improving the appearance of his property.

The regular weekly meeting of the Cathedral City Woman's Club met at Town Hall with President Emma McMickle presiding.

Four new members were all new residents—Mrs. May Strong, Mrs. Edith Coalglazier, Mrs. Lennie Linkletter, Mrs. Edna Long.

## Lionesses Seek To Form New Organization

The Lions who gather for luncheon every Thursday will have nothing on the Lionesses, usually left at home. For, beginning with a luncheon at the Doll House yesterday, these up and coming wives of Lion members will gently roar among themselves weekly, with the exception of next Thursday which is Thanksgiving.

The ladies attending were Mrs. John Sprague, Mrs. Alvin Weingarten, Mrs. Charles Burkett, Mrs. Raymond Cree, Dr. Georgiana Raymond, Mrs. Harry Williams, Mrs. Harold Barkow, Mrs. Gordon Nicholson, and Mrs. Charles Bosworth.

All wives of Lions Club members are invited to join the Lionesses and may telephone Mrs. Sprague for reservations and information at 4524.

See Safeway's special prices on meats, groceries and vegetables on page three of this newspaper.

## Council Proceedings

The city council met Wednesday morning in the fire hall to take care of routine business. As soon as the new city furniture arrives the council will meet in the new council chamber in the Gaultillo building, just south of the school house.

A draft of the ordinance establishing a system of house numbering, as worked out by the Southern California Gas Company, was presented, and by unanimous vote was referred to the street committee. The Gas Company will bear all the expense of mapping and numbering the houses, putting the correct number on the map of every lot in the city, and putting up aluminum numbers on the houses and business places of those who wish to have them. The numbers will be used in the forthcoming city directory and by the city and utility companies.

A request was received to reduce the license fee on real estate brokers and their salesmen. The request was denied.

The bid of William R. Atkin was accepted to move the Field Club fence for 25 cents per lineal foot. The Field Club donated a 40 foot strip for a new street, Sunrise Way, but the city has to move the fence back to the new property line.

Amendments to the license ordinance were suggested, as follows: Fruit and vegetable wagons operating from places of business not located in Palm Springs, \$50 per year, with the provision that each wagon must carry the license number, in large figures, on the wagon. Meat markets in the city, \$24 a year. Vehicles from markets outside the city delivering in the city, \$40 a year. Motor vehicles for transportation of goods not provided for in the ordinance, \$24 a year for each vehicle, and \$48 a year for other cars. Art and curio stores, \$24 a year.

An ordinance was introduced providing for the regulation of subdivisions, location of streets and highways, width of same, tree planting and landscaping, sewage disposal, source of water supply, public area, etc.

L. Henry Crossland appeared for the vendors of fresh farm products, such as fruit, ranch eggs, poultry, etc., and asked for a reduction in the city's license fee.

### "THE DESERT ROAMER'S SHOP" IS NEW NAME OF FORMER "DESERT REPTILE SHOP"

R. E. "Bob" Tibbitts, proprietor of what was formerly known as "The Desert Reptile Shop," this week announced a change in the name of his business establishment. Henceforth it will be called "The Desert Roamer's Shop." It is located on South Palm Canyon Drive just beyond the Indian turn-off.

"The Desert Reptile Shop" has been a very popular establishment. There Tibbitts handles a beautiful group of hand-made reptilian novelties and jewelry such as neckties, pocketbooks, belts, guest books, albums, etc.—all made from the skins of snakes. Also on display at this interesting shop is a fine collection of authentic Indian relics and a collection of polished local stones.

## "Get Acquainted Sale" Was Gala Event At Devine's Market

The gala "Get Acquainted Sale" held all last Saturday, Nov. 12, at the brand new Devine Market on Indian Avenue was a huge success, according to Johnny Devine, jovial operator of the grocery and vegetable departments at the new market.

Specials throughout the store, good demonstrations, and many contests for children were the order of the day last Saturday at the very well attended sales event. A loud speaking system was installed for the affair in order that the demonstrations and other events could be carried on more effectively.

The following contests for children were staged: pet parade, cracker eating contest, soda pop drinking contest, popcorn eating contest, and several foot races. Prizes, which consisted of packages of groceries, were presented to the winners of the various contests. Also each contestant received a gift.

The following food demonstrations were presented: Libby's tomato juice, Schilling's coffee, and La Choy chop-suey.

The new Devine Market opened its doors for business a little over three weeks ago, and since that time it has made many friends. Well known localite Bill Murray operates the meat department. The grocery and vegetable departments are operated by Johnny Devine. The market operates on a "cash and carry" basis and features a complete line of staple and fancy groceries.

The new store is open until 10:00 p. m. every day of the week.

### ALVIN WEINGARTEN BUILDING HOUSE AT 29 PALMS FOR INVESTMENT

Work was started this week on a model home at 29 Palms for Alvin Weingarten, prominent Palm Springs insurance agent. The home is being constructed by Palm Springs Contractor Ryland Pinckard.

It is a two-bedroom home of Spanish-type architecture in which are incorporated many novel features from local homes. It is being erected in the Desert Properties, Inc. tract, in which Mr. Weingarten has a business interest. The home is located very close to the business center of 29 Palms.

One of the outstanding features of the smart home will be a bath constructed of glass block.

Mr. Weingarten, who feels that 29 Palms is a growing community where property values are going to be good, is building the home for an investment—either to rent or sell. There are at the present time 30 buildings under construction at 29 Palms, Mr. Weingarten stated.

After the Lions Club meeting Thursday, many of the Lions promised Judge Hoffman they would attend to the matter of having themselves fingerprinted.

### DESERT MINERAL SPRINGS TO BE IMPROVED

Desert Mineral Springs is in line for improvements, according to a report reaching this office.

L. S. B. Ritchie has won a suit against L. W. Coffee, developer of this resort which is located a few miles north of Garnet, and Coffee has relinquished his rights in the real estate.

The suit clears title to the bath house, mineral water well and three acres on which the bath house is situated. All the other property concerned was cleared some time ago, as to title.

Mrs. Edith E. Chandler acquires the title.

Mr. Coffee, who established the resort, had a vision of piping the mineral water to Palm Springs. The estimate of cost was \$50,000.

CALLANDER, Ontario.—The Dionne quintuplets were permitted today to resume their regular diet for the first time since the removal of their tonsils and adenoids a week ago. Dr. Allan R. Dafoe said they were "getting along fine."

## Theatres

On Monday and Tuesday with matinees each afternoon and two shows evenings, by popular demand, one of the most pretentious pictures that has come out of Hollywood, will be the featured attraction at the Plaza Theatre.

This spectacular film drama was produced at a cost of approximately \$4,000,000, and was three years in the making. This is the most time and money ever expended on a celluloid production.

Aside from its unsurpassed thrills in the air, "Hell's Angels" has one of the most unusual love stories ever presented to the public.

The romantic interest revolves around the late Jean Harlow.

Playing opposite Miss Harlow in "Hell's Angels" are Ben Lyon and James Hall. A stupendous cast of some 20,000 others contribute to the drama of this record-breaking spectacle.

Following this revival picture, starting Wednesday and continuing for four days, matinee and evening, showing last times Saturday, Nov. 17, the eagerly awaited "Cowboy and the Lady" will be screened. Large crowds are anticipated at the Plaza, where in conjunction with the fine programs scheduled, a miniature exposition is being held, participated in by the Plaza Shops and merchants exclusively. Well worthwhile, 'tis said.

### NEVER BEFORE SUCH A ARRAY OF "TOPS" PICTURES IN ONE WEEK IN PALM SPRINGS

"We're getting 'em right off the griddle," says the management of the Palm Springs theatre—"and without fear of successful contradiction, we add, that the shows for the next ten days are the finest ever seen in Palm Springs in a similar length of time." Sort of a Thanksgiving feast of films as it were.

Current at this popular mid-town theatre are the three Mad Marx Brothers in their scream-fest adapted from the New York Stage success—"Room Service." This program will be shown today (Saturday) for the last time—with a matinee and two evening performances.

Adhering with unusual fidelity to the original play and its side-splitting situations, "Room Service" comes to the screen as a rollicking laugh vehicle for the Marx Brothers.

Then tomorrow (Sunday), Monday and Tuesday, one of the most gigantic pictures of all time—Paramount's flaming cavalcade of American Aviation—filmed entirely in technicolor—"Men With Wings," with Fred Mac Murray, Ray Milland, Louise Campbell, Andy Devine, Lynne Overman and Porter Hall.

The story of three pioneers of the air, whose lives are bound up with the history of aviation during its first turbulent thirty-five years is told.

Then, for two days only, Wednesday and Thursday (Thanksgiving Day) with matinee and evening shows each day, comes the historic romance of the man who tore continents apart.

Out of choking sand; from the clutch of the raiding Bedouin; in the face of the black simoon's savage fury; with blood, tears and passion—was wrested the Suez Canal, jugular vein of the world.

Into this perfect-for-the-screen plot Darryl F. Zanuck poured all the production skill born of a long record of memorable screen achievements, to make one of the most spectacular pictures to bear the 20th Century-Fox label. "Suez."

Tyrone Power interprets the heroic role of de Lesseps, with Loretta Young and Annabella as the two women whose love lashed him to splendid triumph over impossible obstacles.

Followed on Friday and Saturday, Nov. 25 and 26 for two days only, matinee and evening performances, the Palm Springs theatre is more than proud to present "The Great Waltz" with Luise Rainer, Fernand Gravet and Miliza Korjus. If you've read this article we are sure you'll agree that we list the greatest array of Ace pictures ever shown in Palm Springs in the same week.

### STAGE SHOW AT PLAZA

The management of the Plaza Theatre announces the engagement of Roy Gordon with his stage show of 30 talented children in "A Night in Hawaii" for one night only, Friday, Nov. 25th in conjunction with the feature picture starring Gary Cooper and Merle Oberon in "The Cowboy and the Lady."

Doug Corrigan, the grinning young man in the flying machine who flew "backwards" to Ireland, went to work as a movie actor today.

### SHIRLEY TEMPLE'S NEW FILM, "JUST AROUND THE CORNER," AT PLAZA TONIGHT, SATURDAY, SUNDAY

BERT LAHR, JOAN DAVIS, SHIRLEY TEMPLE, BILL ROBINSON

Three times voted the nation's favorite screen star, Shirley Temple may be said to have several usual Hollywood futures already behind her. Yet competent observers are as one in agreeing that Shirley's greatest triumphs are still to come—that as she goes on she will be even more amazing than ever, and that her career will set a mark never attained on stage or screen before.

J. P. McEvoy—newspaperman, humorist and scenarist—crystallized the opinion of most moviegoers when he predicted new marvels of achievement for the Number One star in a widely discussed article in The Saturday Evening Post.

### ROMANCE OF SUEZ AT PALM SPRINGS THEATRE STARTING WEDNESDAY

TYRONE POWER, LORETTA YOUNG AND ANNABELLA

Out of choking sand; from the clutch of the raiding Bedouin; in the face of the black simoon's savage fury; with blood, tears and passion—was wrested the Suez Canal, jugular vein of the world.

Seldom do the dusty records of history offer such intense emotion, stirring romance and awesome spectacle as the great story of Ferdinand de Lesseps, driven by the love of two women to tear continents apart that ships might sail the desert in the short route to the East sought in vain by Columbus and Magellan.

Into this perfect-for-the-screen plot Darryl F. Zanuck poured all the production skill born of a long record of memorable screen achievements, to make one of the most spectacular pictures to bear the 20th Century-Fox label. "Suez" opens Wednesday at the Palm Springs Theatre.

Tyrone Power interprets the heroic role of de Lesseps, with Loretta Young and Annabella as the two women whose love lashed him to splendid triumph over impossible obstacles.

astronomers were guests of the observatory officials. Weather was ideal for use of the telescopes.

## Real Human Heads Displayed in Shop Window

Real human heads, shrunk to about one-third the original size, are displayed in the windows of Pedro and Arturo's sandal shop.

In the upper reaches of Ecuador's Amazon river, it is nothing for fierce Indians to retain as souvenirs of battle the severed heads of their slain enemies.

By a method still baffling to the white man, aborigines preserve the heads, shrinking them to less than one-third their original size, while re-

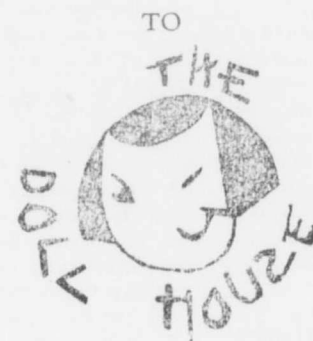

taining original expression of the features. Authentic specimens of this gruesome art are rare even in museums, but at least three are extant in Palm Spings.

Before they were brought to their present resting place the heads entered this country via a Spanish refugee, who was once his nation's consul to the Ecuadorans. Diplomatic rank saved rummaging of his baggage by customs officers.

NEW YORK—Nov. 16—The Staten Island Advance, in a copyrighted story today said that an organization of American Jews had been formed to purchase Lower California, Mexico, as a permanent refuge for the Jews of the world.

## London, England, Represented at Del Tahquitz

The Hotel del Tahquitz was the scene of much activity this past week with guests from far and near. London, England sent Miss Dorothy Lawrence and Billy Hawthorne, Jack Doyle and J. L. Baceso. Mr. Doyle, that publicity minded gentleman, kept not in the background but was ever in evidence in his briefest of white satin shorts. The ladies stared and sighed and the "Irish Thrush" preened himself and bowed, so everyone was happy.

Mr. and Mrs. James H. Carlyson (Marie Butler) of San Francisco spent their honeymoon in Palm Springs at Hotel del Tahquitz. Mr. Carlyson is connected with the Menasco Paper Products Company.

From Seattle, Washington came Mr. and Mrs. Kirby Speyer to spend a week or so in the desert sunshine. The Speyers expect to visit in Chicago before returning to their home in the north.

Mrs. Thomas Lipps entertained Mrs. Georgia Farmer of Hotel Del Monte and Mrs. Henrietta Otis of Pasadena at luncheon on Wednesday of this week.

Among names noted on the Del Tahquitz register were Mrs. Carl Kresl and family of Hinsdale, Illinois; Monte Kleban of New York, N. Y.; Mr. and Mrs. Herbert H. Otis of Dayton, Ohio; Edwin B. Adams of Chicago, Ill.; Mr. and Mrs. R. I. Woolman of San Diego, Calif. Other Californians were Mr. and Mrs. J. J. Hartley, of San Diego; Mrs. J. V. Lucas and Mrs. J. J. Johnson, of Laguna Beach; Mr. and Mrs. A. P. James, of Oakland; Dr. and Mrs. R. P. Stanley, of El Monte; V. T. Ballan, of Santa Rosa; Miss Jane Whalen, of Oakland; Mr. and Mrs. E. H. Coodis, of Glendale; Mrs. Alice Hulbert and Mrs. Chas. E. McCartney, of Long Beach; Mr. and Mrs. Harry K. Wolf, Jr., of San Francisco; Dr. and Mrs. Wm. W. Campbell of Stockton and Mr. and Mrs. J. A. Hall, of Berkeley.

Beverly Hills guests noted included Dr. and Mrs. W. E. Fisher and son, Richard, Mr. Stewart Palmer, Mr. and Mrs. C. B. Conlin, Mr. E. E. Tillotson, Mr. and Mrs. B. N. Knox, Misses Rosa and Lucille Stafford, William von Klipstein, Maurice Murphy and Mr. and Mrs. F. E. Randall.

From Los Angeles and vicinity: Mrs. M. H. and Harold Mosier, Sgt. and Mrs. A. J. Kimball, E. L. Carey, Mrs. Florian Lockart and sons, Kirkland and Linden, Mr. and Mrs. B. F. Baum, Mr. and Mrs. W. R. Bruner, Mr. and Mrs. Jay Belongia, Miss Marcella Davis and Miss Loraine Wilson, Mr. and Mrs. G. A. Hollsen, Mr. and Mrs. W. G. Worth, G. A. Anderson and sister, Lawrence Baker, Jr., Joseph Freeman, T. J. Brady, Mr. and Mrs. A. A. Brady and many others.

Wm. Joy of Grosse Point, Mich., and his new bride arrived from Honolulu yesterday and will spend the remainder of their honeymoon at the Desert Inn. Mrs. Richard Joy and her sons, William, Richard and Thomas, were winter guests at the Inn last season. Young Thomas Joy, while returning from Palm Springs to the Ryan Flying school in his plane, was killed near Santa Monica after getting lost in the fog.

The two days following any festive holiday means catching cold for many. Eat moderately. Turkey will be good next day, served cold. Shades of Pocahontas—take it easy on gorging.

## 50 Students to Be Initiated Here November 26

More than 50 students of the new National Institute of Music and Arts studio at the La Clase school, Arenas at Lugo Road, will be formally initiated into the Junior Musicians of America on November 26.

Besides the initiation ceremony, the evening's program will include a thanksgiving party and the organization of a junior orchestra. Both pupils and parents have been invited to attend.

The new orchestra, which will be presented in concert before the winter season closes, will play as their first orchestra adventure "The Enchanted Forest," a music drama with a narrator telling the story as the music is played. The "music drama" orchestra method is one of the newest developments for beginning orchestras introduced by the National Institute.

The Junior Musicians of America organization, sponsored by the National Institute, is a non-profit corporation dedicated to the furtherance of musical interest among young people and to the use of music in assisting worth-while charities and public services.

The Junior Musicians have been assigned a special day at the Golden Gate International Exposition in San Francisco, where they will meet to stage a full day of concerts and music competitions. About 5,000 members of the Junior Musicians of America from British Columbia to Texas plan to attend Junior Musicians Day in San Francisco on June 25, 1939. Plans will be made for the new members initiated in Palm Springs to take part in this day at the fair.

Guests from Los Angeles who will arrive to participate in the event are: Mrs. A. W. Ryan and daughter Rosemary, Mr. and Mrs. George Kaahiki, Mr. and Mrs. Howard G. Stephens, and Mr. and Mrs. Karl Stiska of the National Institute of Music and Arts. Mr. Stiska is vice-president of the Junior Musicians of America.

## He Plays Your Name With Music

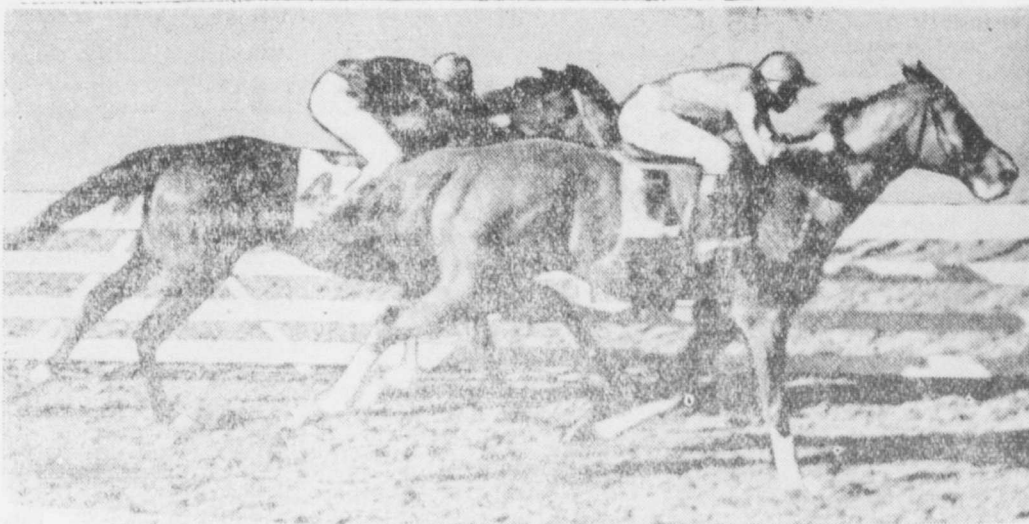

Playing your name with music, is a new stunt introduced at The Algers Cocktail Lounge in El Morocco Hotel, by Al de Long. He calls it "Alphonones."

It is intensely interesting to "spell a name in music" from the standpoint of discovering what melody, if any, exists in those alphabetical symbols. Some names are naturally more difficult to play than others. One of "Alphonones" best examples is the name "Norma Shearer," which makes a beautiful and haunting ballad melody. There was enough melody in the 12 letters in her name to provide a theme for a complete 32-bar melody which de Long promptly composed and recorded. "Carole Lombard" is a gay, sparkling swing tune. "Joan Crawford" is exotic with a definite leaning to the Hawaiian Islands. Bob Burns' "Bazooka" sounds best in Waltz tempo so one never knows what melody may be hidden in the funniest names or words.

## In The City Court

Willie West, charged with battery, by Lila Manning, pleaded guilty on Wednesday, and was fined \$150 and sentenced to thirty days in jail, all of which was suspended except a fine of \$50. West is an employee of a local garage and had gone to Judge Clock's residence in Merita Vista and assaulted the complaining witness, it is alleged. The proprietor of the garage promised Judge Albert R. Hoffman that the defendant would conduct himself properly in the future, and on the strength of the plea of the employer the Judge made the suspension of part of the sentence.

Six persons have been cited for violation of the boulevard stop law, and the cases came up in traffic court this morning.

This Friday morning attorneys argued before Judge Hoffman the demand for bill of particulars and the demurrer in the case of the people of the State of California vs. Lewis Ford.

## Third Anniversary Carnell Building

Shops in the Carnell building next week will celebrate the third anniversary of the construction of the building, the first major business block. Since that time there have been a number of new buildings and major improvements in the business district.

Four years ago the main corner in town was occupied by a quaint old church surrounded by an old picket fence. Then Robert L. Ransom, representing Mrs. Julia Carnell of Dayton, Ohio, offered the church \$40,000 net for the church site, establishing a new high value of \$400 per front foot for the 100 feet of frontage. The offer was accepted, and soon one of the most attractive business blocks in inland Southern California was erected on the site.

For Thanksgiving Claridge's presents the sparkling entertainment of Yvonne Fontaine and Don Hatch, the unique South Sea drinks of Frank Chagnon, and a Claridge menu even more thrilling than usual.

## Senator's Party Visits Desert And Mountains

H. H. Quackenbush, Federal agent in charge of the local Indian Reservation, and Mrs. Quackenbush, yesterday conducted Senator and Mrs. Thomas and their official party on a sight-seeing trip to Banning, Hemet, San Jacinto, and Idyllwild, over the Palms to Pines highway and through the date gardens of Indio.

The party had cocktails at the Robert Ransom home, and a quail dinner last night at Claridge's.

Senator Thomas and his party expressed their delight over the scenic wonders, the great diversity of scenery and the marvelous desert climate in Palm Springs vicinity, and said they intend to return here whenever possible. The senator has been here on numerous occasions.

At the last election he was re-elected to a six-year term in the United States senate. He is one of the foremost New Deal dealers supporting the President's program.

On Wednesday Senator Thomas, Indian Supervisor John Dady of Riverside and Mr. Quackenbush made an inspection of Palm, Andreas and Murray Canyons and the Indian property hereabouts. World wide news and March of Time reporters and cameramen were with the party, and they will be shown in news reels in the near future.

The official party flew back to Tulsa, Oklahoma, last night, after spending a delightful three or four days at the Desert Inn.

Dal Zell, from Mines Field, Los Angeles, flew to Palm Springs Wednesday midnight, and as he came down on the runway, his landing gear folded up, cracking up the plane, but the pilot was uninjured.

Note the special prices in Devine's Market Ad.

## Aerial Breakfast . .

(Continued from Page One)

Sunday morning. The flight will take from one hour to about an hour and a half and each Sunday a different route will be followed.

This next Sunday, Gus will lead his co-pilots and their passengers to the Giant Rock Airport, a distance of about fifty miles from Palm Springs. This port is manned by a hermit known only as "The Hermit of Giant Rock," having built and laid out the landing field himself a number of years ago.

Altho only five ships landed on his field in more than seven years, the Giant Hermit, kept the runways in readiness for the day when he believed the huge birds would wing his way and ease down, and now he is known from coast to coast, and planes frequently drop down.

The Hermit derives his name from a huge rock of over 9000 tons weight, and he lives in a cave down under the rock. Altho he has never flown himself, his landing field is his great passion and his runways are 4000 feet long and 500 feet wide.

He has built 12 miles of roads. He keeps the huge rock painted and pilots spot it easily. The charge for the breakfast ride is five dollars, (without breakfast), and reservations may be made by calling the Palm Springs Airport. The pilots, all veterans of the clouds, are to be, Colton Jackson, George Annes, Gus Parrish, and C. J. Thomas. So bon voyage and happy landing to the first aerial breakfast fliers.

## First Bridge Tea of Season At Desert Inn

The Desert Inn regular Wednesday afternoon bridge teas began Wednesday with an enthusiastic attendance of guests and townspeople. Those who came for the afternoon were: Miss Kate Collins, Mrs. Bacon Clifford, Mrs. V. F. Dewey, Mrs. John Easton, Mrs. James Guthrie, Mrs. Harold Hicks, Mrs. Jack Hill, Mrs. Harry Hanbury, Mrs. H. L. Hansen, Mrs. Darcie Lloyd, Mrs. Robt. Lerch, Mrs. Geo. Roberson, Mrs. Robt. Ransom, Mrs. A. Staley, Mrs. Rita Clark Riggs, Mrs. Hugh McFarlan, Mrs. E. T. Fulford, and Mrs. D. D. Livingston. The winners of prizes at each table were: Mrs. Chas. Bosworth, Mrs. Henry Wicks, Mrs. James Cline, and Mrs. Harry E. Moore.

Following the bridge, tea was served and reservations were in charge of Mrs. Jane Tucker, the new social executive this season at the Desert Inn.

## Principal Richardson Attends Celebration At Whittier

Principal Morris F. Richardson of the new Palm Springs High School drove to Whittier on Armistice day to attend a "Homecoming" celebration at his alma mater, Whittier College.

Over seven hundred alumni of Whittier College took an active part in the thirty-third annual Homecoming Day program conducted on the Whittier College campus on Friday, Nov. 11.

The theme of the program was "Fifty Years of Progress," and the first faculty, class, football team, track team and glee clubs were honored. Fifty year buttons were given as souvenirs.

## Indian Horses Damage Yards

Horses from the Indian reservation are again destroying plants and shrubbery in the residential area of the city, it has been reported by a number of residents during the past week.

It is said that the feed is all gone from the fenced area on the desert range, and that the horses either break through the fence or an open gate, to find more lucrative pastures.

Some of the animals are in terrible condition, it is reported, being so thin and weak that it seems they can't last much longer. One horse died in the residential area the other day.

Many valuable plants and lawns have been destroyed, and more damage will occur if something isn't done about it. It is believed the stray animals are from the reservation.

Icebergs are not just icebergs to experienced polar travelers. They tell us that the Antarctic produces a distinctive berg which is unknown in the north polar regions. It is a flat tabular mass broken away from shelf ice and not a piece of a glacier as all Arctic icebergs are. The southern bergs are whiter, larger and float higher out of the water than their northern relatives.—Exchange.

## "Dead" Man . . . .

(Continued From Page One)  
ing in Palm Springs ever since that time.

Mr. and Mrs. Aldrich have lived in Palm Springs the past four years, residing on Alejo Road between Palm Canyon Drive and Indian avenue. He is a painter employed by O. H. Nichols, painting contractor.

### 3 Days Without Food

Mr. Aldrich went to Utah last July on a prospecting trip. On July 26 he started down the Colorado river from Green River, Utah, alone, in a boat loaded with his supplies and equipment. Everything was lost when his boat was wrecked, even his wallet containing all his money, and two ounces of gold which he had panned from the gold-bearing sands of Utah creeks. When he reached the road on the Navajo reservation he was unable to talk to the driver of the car who picked him up, his tongue and lips being so badly swollen. The desert heat was intense.

He was able to salvage the shell of his boat from an eddy farther down the river and tied it to the shore, where it was found recently by a prospector, who gave out the word that Aldrich evidently had lost his life, and thus the news came to The Desert Sun that the Palm Springs man was dead.

Aldrich had traveled 450 miles in his boat from Green River to a point 45 miles below Lee's Ferry, where the boat was wrecked. He was in his boat 28 days, from July 26 to August 23.

### Many Terrifying Experiences

This was not the first time that Aldrich has had a narrow escape from death, for he has been an adventurer ever since he was a 16-year-old boy. He has had to swim out of rapids of rivers in North and South America and the Orient on several occasions, when he attempted to navigate rivers that others feared to negotiate. He had numerous close calls in clashes with Arabs and Turks during the World War when he fought with the Imperial British army in Egypt, Greece and Palestine.

Aldrich became an expert swimmer when he competed with the Indians in swimming contests in the rapid flowing rivers of Idaho. While still a boy he and another youth took some horses to British Columbia, where they bought two boats and started down the turbulent Columbia. At Hell's Gate he decided to take both boats through, while the other boy remained on shore. He took one boat through all right, but the second one was crushed on a jutting rock in the rapids, but the lad succeeded in swimming ashore. He had sailed 300 miles down the river.

Eight years ago, while prospecting along the Salmon river, his boat was wrecked in a cataract of that river. Again he escaped, but lost his boat and all supplies.

### In South America

Aldrich lived in South America for 10 years, prospecting in foothills of the Andes. His favorite means of transportation was by canoe, and therefore he had some very close calls, one of the narrowest escapes being in the Rio Negro river of Brazil. He barely made it that time.

He made two trips from South America to England, and when the World War broke out he enlisted in the Tenth Irish division of the British Imperial army, and served with that division for three years in the Near East campaign, the most devastating one during the war. His hands and legs are scarred from shrapnel wounds, but he never reached a hospital until after the Armistice, and then due to the influenza epidemic which took more than one-third of the men of his division.

He was gassed and shell-shocked, and since that time he hasn't had the endurance in swimming he had before.

### Arabs Chase Him in Egypt

While riding with a small scouting party in Egypt, Bedouins shot his horse from under him. He escaped, and for two days he trod the hot desert sands, without water, when he discovered a lone Arab on a horse. He shot and killed the Arab and rode the horse for 50 miles to a water hole known as Desert Wells, which was surrounded by Arabs. An unwritten law of that desert is that no one is to be molested while at a well or water hole, and while there he could eat and drink alongside the Bedouins at the well. However, he escaped one night under cover of darkness and joined a detachment of the British forces at the railroad leading to Jerusalem and later joined his own regiment.

The division rode to the end of the railway line, and from there marched across the desert for eight months, driving the Turks ahead of them. They drove them to Jerusalem, and there gave them 30 minutes to evacu-

ate the city or the city would be leveled. From there they drove the Turks right back into Turkey. The losses were terrific, but especially to the Turkish army.

During that eight months march in the desert each man had to carry a 90-pound pack and each camel carried 200 pounds of water. The men were allowed only one quart of water per day each for all purposes, drinking, washing and shaving.

### Loses His Buddy

Then came the influenza epidemic at Cairo, and the men died like flies. Dead men were piled in trucks like cordwood; a firing squad was on duty, continuously, day and night, for burial services at the cemetery, and several squads were kept busy digging graves. The greatest blow to Aldrich came when he lost his buddy, Tom Brown, who had enlisted with him and had been with him through the entire war. The two came down with the flu on the same day and were taken to the Cairo hospital together. When they were wheeled into the hospital, head first, which is the rule for living men in that army, young Brown said: "Jack, you and I have had many rides together, but this is the last one. I'll come out of here feet first. You'll get well, because you may get bent but they can't break you." That night he died.

### In Greece

Earlier in the campaign Aldrich had one of his narrowest escapes while fighting in Greece. After leaving England, his regiment went to Dardanelles where the Turks were driven out. The Englishmen landed at Salonica and from there marched into Serbia. The weather was intensely cold, temperature below zero. Young boys, soldiers in the British regiment, froze to death. The men had no overcoats and wore knee breeches. The snow was 18 inches deep. At night they loaned blankets to each other, and some of the men slept four hours while the others walked to keep from freezing. Thus they took turns sleeping and walking, and keeping the younger members aged from 18 to 22, from sitting down. To stop meant to die.

They were in camp five days waiting for reinforcements, but the Bulgarians, whom they were facing at that time, got reinforcements first, and the English fought against terrific odds. They spiked their guns, left them, and retreated 50 miles to Salonica. There they met reinforcements and drove the Bulgarians back again into Serbia.

The other part of the Bulgarian army was also driven across the Sturmer river. There the Bulgarians held famous Fort Rupeal and the hilltops, while the British were in the valley, where the grass was above a man's head.

### Lost in No-Man's Land

One day the commanding staff of Aldrich's regiment wished to inspect "No-Man's Land" between the two armies, and chose Aldrich as their guide. They cut the barb-wire entanglements and started through the high grass. The Bulgarians discovered the attempt, and began firing. Aldrich jumped off the mule he was riding and hit the animal with his hat. The running mule through the high grass drew the Bulgarian fire, while the staff escaped to their lines, but Aldrich was left afoot, in the high grass of "No-Man's Land." There he re-

mained for three days, unable to escape. The Bulgarians marched within three feet of him one day, but could not see him because of the grass. After the third day he was saved by his comrades.

Jack Aldrich hesitated to tell the story of his eventful life, but this writer succeeded in drawing it from him. "I don't like to talk about it," he said. "I want to forget that war. The story has never been printed, and I have talked about it only to my most intimate friends."

### University Women Hear of Travel

The members of the Beaumont-Banning-Palm Springs branch of the A. A. U. W. were instructed in the arts and crafts of traveling at their meeting November 14 in the Banning American Legion club house. Certain of the more fortunate members of the group presented a travelogue especially prepared by Evelyn Camp wherein the adventures of their summer's itineraries were recounted.

Members of the group are unusually fortunate in being able to claim as one of their number, Miss Evelyn Camp, who for the past year was an exchange teacher to Hawaii. This delightful travelogue was presented in the form of a reception on the island for these lucky travelers who then described their own voyages and displayed beautiful treasures collected along the way. Those received were Mrs. Sally Wing, who visited Mexico City last summer; Miss Bedia Nickles and Miss Eunice Clark, who attended the University of Hawaii last summer and who, incidentally, had obviously become proficient in the graceful art of hula dancing; and Miss Ethel Keller, who, dressed in Hungarian costume, told of her visit to Europe last summer. To complete the program, three girls trained by Miss Nickles gave Mexican dances in costume.

Miss Phyllis Dunne, who was unable to attend, sent in her absence, certain objects d'art collected during her trip to the Orient.

The A. A. U. W. cordially invites all who are eligible for membership to attend the next regular meeting which will be held December 12. Any persons desiring transportation may contact Mrs. C. W. Kenney, Beaumont; Mrs. Ed Hemmerling, Banning; or Miss Margaret Foldes, Palm Springs. Those who wish to see their names in the year book should pay their dues immediately to Mrs. Ernestine Martin of Banning.

## Racqueteers Open Famous Club

The Racquet Club is now officially launched for the season. Although it has been open for a month it took such dignitaries as Mayor Phil Boyd, Warren Pinney, Frank Morgan, Freeman Gosden, Dick Arlen, Paul Lukas, Ralph Bellamy, Alvah Hicks and Charles Farrell to pronounce the club in full swing for the season. The swing music of the new club orchestra and the swing steps of the dance team Milton and Ione made the full well pronounced.

Palm Springers present were Mr. and Mrs. Robert Ransom at a party given by Mrs. Tom Shea of New York and her mother, Mrs. Fry, and Dr. Russell Grey with Mrs. Shea's sister. The James Guthries entertained the Dr. Cliffions, the Dr. Olivers, the Phil Bodys and the Harold Hicks; at a table for four were the Ray Wilsons and Alvah Hicks.

Warren Pinney, Jr., with five Stanfords and his mother arrived after the El Mirador dance. Lola Hotelling and Harry Plymire sat quietly at a deuce. The Freeman Gosdens, Townsend Netcher and the Allen Tomblins held a small fiesta of their own to officially christen the club.

The Ralph Bellamy's and Paul Lukas entertained Gabriel Pascal, sensational director of G. B. Shaws Pygmalion and Miss Sally Lacey. Charles Butterworth had as guests the Frank Morgans, Mrs. Edwin Earle, Jarvis and Lois Earle. With Pullman Lowden was his lovely bride and the Arden Brames of Beverly Hills. Highlights of the evening were Virginia and Charles Farrell sitting at a deuce table for the first time in Racquet Club history, and Jack Doyle, the boxing thrush of England, singing "Irish Eyes."

Other notables were Richard Arlen

with Virginia Grey, the Joe Penners, Ruby Keeler, Buster Keaton and Sally Eilers.

## Traveler Here Says Newspapers Don't Tell All

That the newspapers and radio of America only tell one side of the story emanating from Germany, was the statement made this week by Mr. and Mrs. Mark Van Ness of Long Beach, who are spending the week-end at the home of Mr. and Mrs. John G. Munholland.

Mr. and Mrs. Van Ness have just returned from an extended tour of central Europe, spending most of their time in Germany, Czechoslovakia, Italy, France, and Roumania, although they spent some time in England.

Mr. Van Ness sat within six feet of Hitler when Der Fuehrer made his sensational speech announcing his intention to march into Czechoslovakia. The American pair had traveled by auto throughout Czechoslovakia and especially Sudetenland, just to study conditions. There they found dire poverty, and the people were looking forward to the day when they could become a part of Germany.

"What has not been published in America is the fact that three elections were actually held in Czechoslovakia and the people voted by a 95 per cent majority to join Germany," said Mr. Van Ness.

He stated that Germany and Italy are very prosperous, and that the people are well dressed and well fed. The soldiers must work, and instead of loafing in barracks, they are building fortifications or other structures.

He said German Jews are entering New York at the rate of 300 per day and most of them are entering business in New York. In order to enter this country they must post a bond of \$100, which is forfeited after they have remained here 60 days. There is no quota against them, he said, and all of them can enter and remain, who wish, if they have money enough to pay the transportation and the bond.

He said he visited the concentration camps, and found these were operated similar to the American prison camps. The prisoners he saw were not there for political reasons, but were incarcerated for having committed crimes.

Mr. Van Ness said that Hungary is also overwhelmingly in favor of becoming a part of the German empire, and that Britain or France will not attempt to stop Hitler from taking over that country. He believes the Germans will continue to move eastward and northeast into the Ukraine area of Russia.

He said that wherever he found Communism he found poverty, and that the worst poverty is in Russia, Czechoslovakia and France.

## Desert Inn Picnic Season Starts At Andreas Canyon

The Desert Inn opened its picnic season at Andreas Canyon last Thursday, with Chuck Abbott serving his famous steaks broiled over an open bed of hot coals. Johnny Boyle played and sang Spanish and popular cowboy songs. Everyone was in a picnic mood and thoroughly enjoyed the picnic opener.

Those attending were Mr. and Mrs. Ben S. McGivern of Eau Claire, Wis.; Mrs. W. H. Tippet and her mother, Mrs. S. F. Rathell from Del Mar; Mrs. Grace Hobson, Miss Evelyn Hylle, Miss Mazine Looze and Paul Streeter, all from Yosemite; Mrs. Jennie Stein, Los Angeles; and Mrs. S. L. Mapes of San Bernardino.

### FOUNDER OF TEMPLE CITY DIES IN LOS ANGELES

Walter Temple, 69, died at Los Angeles this week. He was a son of Mr. Temple of the Temple & Workman firm who as bankers backed the ill-fated Hall's Grade lumber concern nearly fifty years ago. Col. Hall had timber cut in the San Jacinto mountains, sent it down a flume to Hall's Grade where it was sawed into lumber. The venture did not pay. Hall's grade, two miles south of Cabazon, became quite a village as the result of Col. Hall's operations.

Walter Temple, whose death has just occurred, rose from moderate circumstances to wealth through discovery by his son Thomas of oil on the family property, resulting in establishment of the later famous Montebello oil fields.

He founded the town of Temple City in 1922, wishing to perpetuate the family name. He gave the site for the San Gabriel city hall and for the Elks Temple at Alhambra. He also erected a stone to mark the site of the Old Mission, forerunner of San Gabriel Mission, and helped John Steven McGroarty finance his Mission Play and theatre.

## Masons To Hear About Trouble In Europe

The Masonic Luncheon Club will get first-hand information on conditions in Europe at their luncheon meeting at the Desert Inn next Tuesday noon, Nov. 22. All Masons residing or visiting in Palm Springs are urged to attend and they are privileged to bring guests.

Dr. Earl Cranston of the University of Redlands, who has spent a number of years in Europe, studying conditions there, will be the speaker. His subject will be "Europe Today." Dr. Cranston is an excellent orator and is in great demand by service clubs, therefore the local club is anxious to have a large attendance. Reservations may be made at the Desert Inn or by phoning Commander Thales Boyd.

Last week the Masons heard Tom Elliott tell about the Japanese-Chinese conflict, Mr. Elliott having spent 20 years in China.

On Monday, December 5th, the speaker will be Cornelius DeBakey, formerly the publisher of the official newspaper of Rumania and head of the press association of that country which was affiliated with the Associated Press. He flashed to the world the news of the assassination of the Grand Duke of Austria which precipitated the World War, for he was in Serajeva at that time. Mr. DeBakey is now an American citizen and publisher of the Fontana Herald. He is also in demand by service clubs, and is usually on the speakers list of the California Newspaper Publishers Association meetings. He will discuss the matters that led up to the World War, the Treaty of Versailles, and the influences that will precipitate the next major European or world conflict.

Masons are also asked to bring guests to that meeting.

The meeting will be held one day before the regular meeting date because the County Chamber of Commerce meeting will be here on Tuesday, December 6.

### PALM SPRINGS JUSTICE COURT FURNITURE VOTED

Purchasing Agent William Carlson Monday was authorized to purchase furniture for Palm Springs justice court to a maximum cost of \$300.

The authorization was given Carlson by the county board of supervisors. The city of Palm Springs is providing the courtroom without cost to the county.

### LEWIS STONE FETED ON BIRTHDAY ANNIVERSARY

A pair of silver spurs and a party marked Lewis Stone's fifty-ninth birthday and his thirty-eighth anniversary as an actor.

The distinguished character actor was given the spurs at a luncheon on Tuesday by Louis B. Mayor, M-G-M producer. Stone is a native of Worcester, Mass. He was on the recent ride with the Vaqueros of Palm Springs, and proved his excellent horsemanship. Silver spurs are therefore appropriate to the occasion.

### CHRISTIAN SCIENCE CHURCHES

"Yea, in the way of thy judgments, O Lord, have we waited for thee; the desire of our soul is to thy name, and to the remembrance of thee." These words from Isaiah are the Golden Text in the Lesson-Sermon on "Soul and Body" on Sunday in all Churches of Christ, Scientist.

Among the Bible selections are these verses from the Psalms: "I will bless the LORD at all times; his praise shall continually be in my mouth. My soul shall make her boast in the LORD: the humble shall hear thereof, and be glad. O magnify the LORD with me, and let us exalt his name together." These words of Paul's from the Acts are also included: "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's hands, as though he needed any thing, seeing he giveth to all life, and breath, and all things; For in him we live, and move, and have our being."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Soul is the substance, Life, and intelligence of man, which is individualized, but not in matter. Soul can never reflect anything inferior to Spirit. Man is the expression of Soul."

## Tennis Stars at Racquet Club

Incidental tennis games at the Racquet Club included some of the leading stars of the country through the week. Few tennis courts can boast of finer games without special preparation and large grandstands. Gene Mako, national doubles champion; Bunty Laurence, singles runner-up; Johnny Moreno, Frank Baker, Jack Macey, Beverly Hills professional, and Lester Stofen, Racquet Club pro, were among the prominent tennis players who played with the Racquet Club's best playing members. Harry Plymire, Ralph Bellamy, Paul Lukas, Charles Farrell, Charles Butterworth and Dick Arlen.

Hottest game of the week was Les Stofen and Charles Farrell vs. Gene Mako and Paul Lukas.

Outstanding among the women's games were Daisy Lukas, Mrs. Les Stofen, Catherine Bellamy, Mrs. Stan Logan, Janice Biho and Helen Henderson. Best game of the week for women was Daisy Lukas and Ruth Stofen vs. Catherine Bellamy and Janice Biho in a 6-4, 3-6 set game.

## Just To Keep The Record Straight

There are a number of very picturesque spots in the native palm tree groves, and photographs of these are naturally in demand by lovers of the desert.

Among these pictures are a number taken at Willis Palms, one of the most fascinating spots on the desert.

Recently the Vaqueros del Desierto published a very interesting folder of the itinerary of their five-day desert ride, and the only picture in the folder was a group of palm trees captioned "Thousand Palms Canyon." The picture, however, was of Willis Palms, and just to prove it, the Willis Palms booster who called it to our attention pointed out Mt. San Jacinto in the background of the picture.

Willis Palms is situated on a flat on the slope of the mountains 12 miles east of Palm Springs, overlooking the desert. From this point one has a view of the entire desert, including Mt. San Jacinto and the western range. Mt. San Jacinto is not visible from Thousand Palms Canyon.

## Formal Opening Tonight Royal Palms Cocktail Lounge

Jack Moore this week announced the formal opening today, Friday, of his remodeled Royal Palms Cocktail Lounge in the location occupied last season by the Royal Palms Coffee Shop.

The sparkling entertainment of Thelma White will be the highlight of the opening.

Thelma White recently took time out to make a wax, the intriguing title "For Ladies Only" in which she does a skit with Barbara Jo Allen called "B Women." In this record she also introduces for the first time "Lilly Belle May June," a delightful ballad brought from Paris.

A beautiful dancer, Miss White is acclaimed owner of the most beautiful knees in Hollywood. A famous Hollywood conditioner and Earl Carroll are the authority for that statement.

Following her stage appearance in "Salute" with Milton Berle, Miss White was next seen in "Right This Way." She is as well known to Broadway as she is to Hollywood and coming direct from a highly successful run at Saratoga Springs she will give to the Royal Palms Lounge a wealth of new material. She is accompanied by her well known pianist, Howard Grode.

## Swimming...

By EVELYN

The high lights of the swimming meet at the El Mirador on last Sunday were the water waltzing to music, by the Hopkins Sisters, which was really so gracefully done, and the suits and yellow caps the "Water Lilies" wore, made them seem like two flowers floating along.

The "Paul Revere" ride, executed by Fared Simaika, and Dutch Smith, was perfect, and Paul Wolf, Dick Whitney, (University of California), Logan Hatch, Morley Dillon and Bill Lewis (Canadian diving champion), all contributed their thrilling bit.

The Olympic champion, Marjorie Guestring, and Ruth Jump, Irene Allen and Billy Stetz, added their sensational water individualisms to this great aquatic show. News reel cameramen took under water pictures of the participants, which will soon be shown in the picture palaces all over the country.

A large crowd of celebrities and desert sojourners attended the meet and the gay and colorful desert attire, added much to the carnival spirit.

The meet was under the direction of Dutch Smith, who is in charge of the water sport at the El Mirador.

## CALIFORNIA FLIERS HERE FROM LOS ANGELES

Five ships winged their way down from the sea-blue sky to the white sands of the desert out at the Palm Springs airport, bringing pilots and passengers, all members of the California Fliers, Inc., Los Angeles, to Palm Springs on one of their periodic visits. The flying group dined at Harry's Cafe in the attractive patio and all obligingly autographed The Desert Sun reporter's notebook, reading: L. Ross Seely, Harmon A. Nelson, Jr., Charles Bennett, W. Tyler Miller, Virginia Caldwell, Banks W. Smith, Thomas Ostermaier, E. Leigh, and G. Ben Johnson.

## Famed Maestro Violinist at Key Club

The supreme surprise of the season thus far, and feather in the cap of Mrs. Thelma Wertheimer, is the bringing of Ruby and his violin to the Colonial house, Key Club, for the season. Long famous as a music master, in the East, where he not only furnished his music to the best supper clubs, but conducted symphony orchestras as well; including the Paramount theatre symphony orchestra, and Detroit's Michigan theatre orchestra.

Irwin Rubenstein, born and raised in Detroit, was known at the age of nine as a violin prodigy. At the age of fourteen he went to Vienna to study under Arnold Rose and later was a student at the Damrosch Institute in New York. Returning to Detroit, he joined with Stephen J. Pasternacki in dance orchestra work and gained wide popularity. Ruby's symphonic arrangement of popular hits emphasizes the melodies, and his orchestrations of popular numbers present a new and wonderful note in popular music. He plays his violin with such feeling that can only come from the heart of a great musician, and his perfect sense of rhythm creates a confidence in the most hesitant dancer. Ruby at one time aspired to the concert field, but has found happiness in giving his talents to the multitude of dancers and theatre goers who have been privileged to hear him, and especially so since jazz is no more and sweet music has swung in vogue. Ruby will be at the Key Club for the season, thanks to Mrs. Wertheimer.

## El Mirador Has Gay Opening Week-end

Last Sunday El Mirador hotel offered its guests and many friends a most unique hour of entertainment at the beautiful swimming pool.

The array of talent presented was tops in its class. Nationally known swimmers and divers performed along with Olympic champions. The highlight of the show, it is agreed, was the waterwaltz, most gracefully executed by the Hopkins twins. To the singing strains of waltz music the girls swam in unison as if each were precisely and accurately controlled by a single impulse from within that beautiful pool of water.

Among the more prominent villagers present were Mr. and Mrs. William Walker, Mr. and Mrs. Jack Kuhns, Mrs. J. S. Torrance and H. B. Childs, with Mr. and Mrs. Roydon Vosburg, enjoyed lemonade and popcorn during the show; Mrs. Frank Parsons and Carolyn Wellborn, with Mr. and Mrs. Olin Wellborn III, Los Angeles.

Radio was well and enthusiastically represented by Amos 'n' Andy, (Freeman Gosden and Charlie Correll, respectively.) With them enjoying the utmost excitement of the day was "stenographer" Genevieve Blue (or Madeline Lee) as she is rarely called, since she has buzzed to fame as Miss Blue with the famous black face team.

Ruby Keeler (Mrs. Al Johnson) and Little Al, Jr., made their appearance inconspicuous, but were soon discovered by cameramen.

With Mr. and Mrs. Frank M. Thomas were Phyllis Howell, and Frank M. Thomas, Jr. Also from the motion picture industry for a week-end of relaxation were Mr. and Mrs. George A. Hickey, Mr. and Mrs. Harry E. Slater and Audrey Slater of Beverly Hills partook of a share of the sunshine vitamin D while enjoying a week-end at El Mirador.

### Lions Club Notes

Vice President Merrill Crockett presided over the meeting this Thursday in the absence of President Francis Crocker and later in the meeting introduced the speaker-of-the-day, Lion Judge Albert R. Hoffman of Palm Springs.

Jerry Sanborn gave a report on the Charter Night event at Hemet. Clarence Hyde, Charles Burket, Hiram H. Benedict, Merrill Crockett, and Jerry Sanborn attended from Palm Springs.

The new Hemet Lions Club started off with 75 members. Its stag Charter Night banquet was held at 7:00 p. m. Wednesday night in the Hemet Woman's Club hall.

This week Raymond Cree, Al Gardiner, and Charles Burket each gave 5-minute autobiographies.

The Palm Springs Lions Club now has a total of 64 members.

No one won the "door prize" this week. Next week prize will thus be "bigger and better" than ever.

Lion Al Weingarten gave a report on the Thanksgiving party to be given Thanksgiving eve at the Desert Inn by the Lions Club. Lion Weingarten stated that members of Lions Clubs in Los Angeles metropolitan area had been invited to attend the party, together with their wives.

Dinner, dancing, and entertainment will be the order of the evening next Wednesday at this gala semi-formal party scheduled to commence at 8:00 p. m. sharp. Well over 200 persons are expected to attend this party.

The Lionesses of Palm Springs (wives of Lions) are now seeking to form an organization. They met this Thursday noon at The Doll House for their second luncheon meeting. The Lionesses plan to meet every Thursday noon at 12:00, the same as do the Lions.

Wives of Lions interested in joining this organization should phone Mrs. John Sprague, 4524, for information.

Lion Judge Albert R. Hoffman discussed in an interesting manner the great need for "Universal Fingerprinting." He stated that it is as urgent that business men, professional men, and honest employees be fingerprinted as it is that all criminals be fingerprinted.

Often in the case of bad accidents it is impossible to identify bodies except by their fingerprints.

Judge Hoffman expressed the sincere hope that all persons in Palm

## Senator Thomas ...

(Continued From First Page) tee on Indian Affairs. While here the party were guests for three days at the Desert Inn. About 50 Palm Springs people, Indians and whites, attended the hearing.

Senator Thomas stressed the importance of full cooperation of the Indians and whites, for, he said, their interests are mutual, and what is good for one is good for all.

Marcus Pete, Willie Marcus, Albert Patencio, Frances Patencio, and Mrs. Orion Hatchett were the Indians who testified. The Patencios required an interpreter.

Opening the hearing, Senator Thomas stated that he came to Palm Springs to hear from the Indians themselves what the Indians wanted, in order that Congress may pass satisfactory legislation. He said that legislation concerning the Indians, passed by either the House or Senate, required unanimous approval of both houses.

Mr. Forline read a letter to John Collier, with the petition signed by the Indians. It is alleged the petition specified that Mr. Forline, if appointed, would receive 10 per cent of the gross revenues of the Indian as his salary.

Among those present were Purl Willis, who has long been in the limelight as advisor to the local Indians; Attorney Thomas Sloan, who vigorously opposed Mr. Willis for a long time but who, it is said, has now joined with him in the effort to have Forline appointed; Adam Castillo, president of the Mission Indian Federation.

Senator Thomas' secretaries who reported the proceedings for the Senate committee, were Miss Daisy Goad, a very attractive young Indian woman who is a member of the Fox tribe, and Miss Elizabeth Durant, part Cherokee Indian.

Also present was Assistant Commissioner of Indian Affairs, Walter Woelke, from Phoenix. He flew to Washington yesterday.

Mrs. Louis Gellespie, chairman of the Indian Welfare Committee of the California Federation of Women's Clubs, has been at the Desert Inn throughout the week, to confer with Senator Thomas and to attend the hearing. She is a powerful influence in Indian affairs.

Also here on Indian matters were Mr. and Mrs. H. W. Coonradt from San Diego. Mr. Coonradt is the educational field agent of the Mission Indian Agency. He stated that since 1935, when the state took over the contract to educate Indian children in the public schools, the educational program is progressing very rapidly. Mrs. Coonradt is president of the P. T. A. of the San Diego schools.

## P. S. B. M. A. ....

(Continued From First Page) for the season was adopted. Many instances were cited of the benefits that have accrued to the business men and buying public, alike, through the association's credit bureau, free employment bureau, and better business bureau.

Seven hundred and fifty-six applications for employment have been filed with the employment bureau, and many placements of local resident employees have been made with hotels, apartment houses, and other business establishments and homes.

The better business bureau has kept dozens of fake and racketeering advertising solicitations from preying upon the business houses, all of which have reduced the cost of doing business, which is reflected in better prices and better service to the public.

The association was created for the protection of the business people, and the members intend to stick together 100 per cent for the protection of all.

## Thanksgiving Party To Be Presented By Lions Club

An event of Thanksgiving Eve in Palm Springs will be the gala Thanksgiving party of the Palm Springs Lions Club at the Desert Inn. The affair is for Lions and their ladies only.

The Wednesday evening dinner dance is scheduled to commence sharply at 8:00 p. m. Members of several Lions Clubs in the Los Angeles metropolitan area have been invited to attend the semi-formal affair.

Some outstanding entertainment has been lined up for the affair. A highlight of the evening will be a talk

Springs will be fingerprinted in the near future. He stated that Chief of Police Boler is a fingerprint expert and will take fingerprints of localities free of charge.

The complete text of Judge Hoffman's talk will be printed in the next issue of The Desert Sun. Watch for it.

## Film Actress Excellent Shot

—Frank Partridge Photo.

Above is film actress Joy Hodges as she shoots on target a fine score of 60 out of a possible 72 at the Sportsmen's Headquarters Rifle Range on North Palm Canyon Drive. This score, which Miss Hodges made recently, was the highest score at that time for ladies this season at the Sportsmen's Headquarters. Since then, however, her score has been surpassed by localite Juanita Fuller, who stands first with a score of 62.

While in Palm Springs Joy Hodges was a guest at the Colonial House. She was much enthused over the contest now in full swing at the Sportsmen's Headquarters, and stated that the chance of winning the beautiful women's trophy was reason enough alone to make many trips to the village this winter.

Proprietor Harry Mann states that she shows excellent shooting form and is capable of making a much better score. While here Miss Hodges shot two 60's in four tries.

## Voters Approve Gift of City Library Site

Although only about one-fifth of the voters went to the polls Tuesday, those who went approved the acceptance of the library site by a vote of 240 to 11. The Murray Memorial site was donated to the city by Attorney and Mrs. George Wellwood Murray of New York City, with the proviso that the city maintain the library perpetually at an expenditure of not less than \$2,000 per year.

Precinct A, representing territory north of Arenas Road, voted 106 yes, 3 no. In precinct B, the vote was 127 yes, 8 no. Official canvass will be made next Monday to verify correct ballot count and tally sheet signatures turned in by the two polling places.

The proposition provides that the city, either directly or through the Palm Springs Library Association, continue and forever maintain the free public library, and shall furnish an amount of \$2,000 annually for its upkeep, beginning with the year 1940. Until that time, according to City Clerk Guy Pinney, the institution will continue to be supported by popular subscription.

Should the deed be violated, all rights and title shall instantly revert to the grantors, their heirs and assigns.

## Valuable Gifts To Library

Palm Springs Public Library received some valuable gifts this week.

Yesterday Mrs. Ruby S. Edwards presented a bronze plaque of her husband, the late Robert L. Edwards, who was the first librarian here and who took an active part in establishing and maintaining the library from its inception, until his death a year ago last October. The plaque was made by Mr. Edwards' close personal friend, F. Breske. He presented the gift to Mrs. Edwards, who then gave it to the library.

Miss Esther Pearson this week donated 40 new books to the library. Since the library was moved to the new site, on the Murray Memorial corner, the patronage has been rapidly increasing. Last Monday was the busiest day in the library's history, when 140 books were loaned.

## Studebaker Agency To Open Here Next Week

A Studebaker agency will open this coming week on North Palm Canyon Drive; the new firm will be known as the "Studebaker Sales and Service."

The agency is being opened by A. J. Jenner, local tile contractor, in his building opposite the office of the Southern California Gas Company. Jenner stated yesterday that he expects to have a 1939 Studebaker on display on his show room next week.

## Safety Drive For Pupils Is Now Underway

Climaxing years of campaigning on the part of the students' Safety Club of the Palm Springs elementary school 30 selected upper grade students this week blossomed out in their attractive new Sam Brown belts and white caps and began enforcement of the safety campaign.

One hundred and fifty of the pupils ride to school on bicycles, therefore the principal feature of the campaign is to safeguard these bicycle riders on the streets, to look after the upkeep and parking of the bicycles, and to patrol the Indian Avenue crossing. Two patrol officers take care of the bicycles.

The Palm Springs Lions Club is co-operating with Principal Katherine Finchy and the junior officers. They received their Sam Browne belts from the club, and the Automobile Club of Southern California supplied the arm bands, officers badges, certificates for patrol leaders, pins, and the monthly magazine, Safety Exchange.

Each pupil is given a copy of "Bicycle Safety," and subsequently tested on his knowledge of traffic regulations and general protective measures. Failure to pass the test, or three violations of the established code, will result in loss by the student of his bicycle.

Bicycles are registered by special cards designating the make, value, serial number, accessories, and owner of each.

Not only are pupils trained for the safe driving of automobiles when they grow older, but Junior Safety Patrol members supervise the school and playground activities at 16 vital locations, including street crossings, gates, wash rooms, buildings, bus stops, and where recreational equipment is being used.

Junior patrolmen who creditably complete a full quarter of service are awarded an honor certificate by the

Automobile Club of Southern California. Already there is a large waiting list of pupils anxious to serve on the patrol.

Thanksgiving day will soon be drifting in with its tom turkey, cranberry sauce, pumpkin pie and memories of Plymouth Rock.

Brave men and women were those who came over on the Mayflower. They sought a new land and freedom. They found no crowding here. There was elbow room for everybody.
